Dr. Steve,

On behalf of the State College of Florida I would like to thank you for such a wonderful presentation of the "Lone Eagle." I received numerous comments from students, faculty and staff praising your performance. As a teacher of American History, I appreciate the educational accuracy and quality of your presentation. Your talents and enthusiasm made the audience feel as though they were actually listening to Charles Lindbergh himself! Thanks for a great show. I hope that you will return for an encore performance!

Sincerely,
